ope has almost exhausted her life America is still in the vigor of The East-India and Chinaust accept democracy from the United States because you offer it to us with clean hands, and Europe does not. That your mission in the world-to sow seeds of western civilization." So spoke Sir Rabindranath Tagore,

ngall poet of love, who arrived in York last night to remain until the d of the winter, taking side trips to ighboring cities and towns to deliver ctures and read his poems. He has lectures and read his poems. He has been in this country just two months to-day, having made a lecture tour scross the continent from Scattle.

Sir Rabindranath, or Mr. Tagore, as he is more accustomed to being called in the United States, is to lecture in Carnegie Hall Tuesday night on "The Cutt of Nationalism." The rubject is close to his heart. To newspaper men he said last night:

"The age is imminent when the idea."

The age is imminent, when the idea f nationalism will be discarded. A new justment among the nations must ne soon. All the peoples of the world the drawing closer to each other and the civilization of the future will be founded on a broader basis than we have yet seen. The European war is an outcome of overgrown nationalism, the spirit of greed, of a quisition which prompts great nations to exploit the
